

Partner to Empower

Brookfield Properties is committed to **partnering** with, **empowering**, and providing resources for Black- and minority-owned businesses.

Partner to Empower is a program dedicated to addressing and breaking down the systemic racial barriers that members of our communities face.

We will invest \$25 million through 2025 to help Black and minority business owners open brick-and-mortar stores in our malls, as well as provide them with one-on-one guidance and an invitation to participate in a tailored Retail Workshop packed with resources and networking opportunities. It is our mission to bring more diversity to our shopping centers and help support equity within our industry.
